Wrap-Up
Facilitator Guide

Purpose: The purpose of wrap-up is to have a nightly discussion with all of your youth in order to “check in” with them on an emotional level. Wrap-up is meant to be a fun and proactive way to highlight strengths and deal with any challenges before they become bigger problems.

Process: This discussion guide, along with any other pertinent information shared during morning warm-ups with staff, can help you facilitate meetings with your youth. All youth from your county should participate in wrap-up and it is good to find space separate from other counties doing their wrap-up sessions.

Questions:
- What were your favorite parts of the day?
- What is one thing you learned today?
- Tell us about your peer group session. What did you like best?
- Tell us about your activity session. What did you like best?
- What was one of your biggest challenges today and how did you overcome it?
- If you have a challenge or problem, who can help you with it?

Review Schedule for Next Day:
- Highlight important times
- Discuss supervision or times to “check-in” during the day, e.g. at lunch, free time, etc.
- Discuss what youth are looking forward to or excited about for the next day

Reminders/Updates:
- Discuss any pertinent reminders or updates as shared in morning warm-up sessions
